An International Conference on Structures, Material and Construction 2021 (ICSMC)

12th -13th November 2021
via Virtual Mode

Call for papers

ICSMC 2021 aims to provide a unique international platform and forum for academicians, researchers, professionals, and students engaged in the field of structural design, construction and materials to share their experiences and exchange the ideas pertaining to innovations in design and construction practices with the use of new materials. The conference will play a key role in bridging the existing gap between practitioners and academicians who are aware of with the latest developments in the field structural engineering and provide information on innovations in structural design, new construction materials, and construction techniques. ICSMC 2021 will feature keynote lectures and plenary speeches by world renowned speakers and the oral papers by delegates. Considering COVID-19 pandemic, participants are requested to present their talks/presentations related to their research work in online mode/recorded presentations. All the papers will be peer reviewed, and an extended abstract volume of the papers accepted for ICSMC 2021 will be published.

Two Best Paper Awards will be administered for oral presentations. The Conference Schedule for two days is planned such that participants can easily and actively participate in this conference in online mode from their respective places.

Organized by:
Department of Civil Engineering,
Jaypee University of Information Technology,
Wagnaghat, Solan 173234,
Himachal Pradesh, India.

Partner Institute:
