

Activity 1: Helping Local Schools To Achieve Good Results and Enhance Their Enrolment In Higher/Technical Education.

About Activity:-

Children were taught a subject of their choice. Their doubts were cleared and a few tips were given. Later, a lot of fun games were played, And many students asked about there higher study how to do and what all to be taken after 10th and course they have to do after there 10th so that they carrier starts in each a way that they can go with there own dreams felid to get success in it . Ensuring that both the volunteers and the children had a good time. The classes had to be prepared for, and the work documented as well and I had a such good experience while taking to younger students then me and I had good chance where I did not had chance to ask my senior what to do after my 10th and had good sections with schools students.
