18th April 2023

A) Discussions and Deliberations

Agen da	Details
1)	<p>The chairperson, Dr. Y Vijaya Kumar welcomed the members present.</p> <p>Resolution1: All the faculty members have to implement active Learning methods including gaming activities like Cross word, Hangman, Think-Pair-Share etc. to engage the classes on Quiklrn platform. Prof. Vasanthi S confirmed that the faculty members are using the gaming activities to engage the class.</p> <p>The other actions taken are:</p> <ol style="list-style-type: none"> The faculty members are trained in to create and conduct gaming activities using the Quiklrn platform. First year students of 2021-22 batch (BSc (Hons) completed the internship in ComedKares launched by COMEDK (Consortium of Medical, Engineering and Dental Colleges of Karnataka). The faculty handling first year 2022-23 batch have undergone training conducted by VTU in Physics, Chemistry and Mathematics which is application based specific to different programs. An amount of Rs. 28,644 was provided as incentive to the faculty members for publishing papers in peer reviewed journals on 13th Dec. 2022. A series of awareness programs on NAAC is conducted for both students and faculty.
2)	<p>Teaching-Learning:</p> <p>The Principal informed that we have 718 students admitted out of 906 intake. The reduction in the admission is due to the poor numbers in the department of CE and ME, which is a problem across India. The department of ME and CV are requested to put in extra efforts in branding and creating awareness on the importance of the core ME and CE branch to the public.</p> <p>The IQAC head said that the class engagement is being updated on the Quiklrn platform.</p> <p>She also said that the audit of all departments for the even semester 2022-23 is completed and the audit summary was discussed. The Principal informed the HoDs to update all the records in the department regularly.</p> <p>The feedback analysis and action taken were discussed.</p> <p>The results of even semester 2021-22 and 5th and 7th of Odd semester 2022-23 were discussed. The Principal informed that the lower semester results should be improved, faculty have to produce a result of 85% minimum irrespective of the semester and course.</p>

Ref: IQAC 20 / April 2023

3)	<p>Placement: The placement data of 2023 batch is quite low, 224 out of 651 registered students are placed, there are 316 multiple offers as on 18th April 2023. The placement officer informed that the mass recruiters are not visiting the campus due to recession.</p> <p>Mr. Santhosh C, the Alumni/Industry coordinator said that IT is heading towards a massive implementation of AI based solutions. This implementation will not only save headcount for the company, but also show success in obtaining good customer satisfaction scores. AI/Robotics is able to reduce time taken and resource needed by automating tasks that need repetition.</p> <p>As students entering the industry at the time of this implementation, the requirement is to stand apart from the competition. It is not practical for a student to understand and know the industry standards, but having basic knowledge of data analysis using common tools such as MS excel and Power Business Intelligence especially knowing how to apply pivots, vlookup/xlookup and charts can give them extra push that they require.</p> <p>The Principal informed the Placement officer to check the above and create awareness among students.</p> <p>Mr. Ameenulla the Alumni/Industry coordinator, said that he will continue to associate with Atria in helping the students to create awareness about the Social Connect & how to create a sustainable environment ecosystem & be a responsible citizen.</p>
4)	<p>Research: One lakh of seed money is being provided to the Researchers to carry out their Research work.</p> <p>The number of publications has shown an increasing trend.</p> <p>Two Doctoral degree were awarded from CSE Research center under the guidance of Dr. Aishwarya P and one from the of ME Research center under the guidance of Dr. T N Sreenivasa.</p>
5)	<p>Accreditation: The DVV process is completed for NAAC cycle 2 accreditation and the peer team will be visiting the institute for audit and accreditation on 24th and 25th April 2023. The preparations for the same is in progress.</p>

B. Resolutions

Sl. No	Particulars	Person responsible	Target date
1)	Based on the attention span of students, the monotony in the class should be interrupted at least every 15 minutes through innovative activities of 2 to 5 mins like think-pair-share, poll and other gaming activities.	Faculty/HoDs	Ongoing, Start immediately

The meeting was concluded with the chairman thanking all the members for their active participation.
