FUN WITH COMPUTER GRAPHICS

A Webinar session for the aspiring II PUC students was conducted by Professor ADITI RAVICHANDRA, faculty- Computer Science and Engineering Department, on 7th April 2020 using Google Meet.

Students from across the state attended the session along with a few graduate students as well who wanted to pursue Graphics as their profession.

The session was a bird's eye view of what is in store, if a student mastered Computer Graphics. The presenter started the session by introducing Computer Graphics, its History and how it has evolved through the years. This was followed by making the students understand the need for Graphics, its application, and perks of becoming a designer. Various programming languages which are required in Graphic Designing were also discussed.

The session concluded with an interaction between the Professor and the participants who cleared their queries.
