INFUSION 2k19 is ACME's Inter-Collegiate Management fest which offers a rich platform for budding management students to discover and unleash their distinctive business and management capabilities.

INFUSION 2K19 got its fillip with the enterprising events renowned for its effectiveness in the domain of business - Best Manager, Business Quiz, Brand Charades and Elevator Pitch.

We had enthusiastic student participants from multiple colleges, to name a few - Sheshadripuram Institute of Commerce & Management, Bharatiya Vidya Bhavan, SJBIT, East Point College, South East Asian College, Adarsh Institute of Management among others. The students participated actively in all the events by displaying captivating performance that triggered the energy levels of audience as well as the participants amongst themselves. We also had magnanimous corroboration from the revered management of the institution, the Principal, the Dean of the department, the faculty coordinators and the student coordinators who helped in elevating the panorama of the fest throughout. The Fest would not have been a day of possibility without the unceasing, well-coordinated collective efforts of the entire team of **ACME**.
